

# The 2024 chemistry laureates

David Baker is awarded “for computational protein design” and  
Demis Hassabis and John Jumper are awarded “for protein structure prediction”

The laureates’  
discoveries are  
about the form, or  
three-dimensional  
structure, of  
proteins.

David Baker  
Born: 1962, USA

Demis Hassabis  
Born: 1976, United Kingdom

John Jumper  
Born: 1985, USA
